Prabhavit Gupta

Agentic Software Engineer | AI Coding Workflows, Full-Stack Architecture & Rapid Delivery

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy (Unrestricted EU Permanent Resident | B2B JDG Ready | Full Remote)

Summary

Agentic Software Engineer with 3 years of commercial experience blending rapid AI-assisted development (Claude Code, Cursor, Codex, Copilot) with robust software engineering practices. Proven track record turning vaguely defined business requirements into high-performance web applications, interactive analytics dashboards, and production data pipelines. Expert in debugging, restructuring, and hardening AI-generated codebases with sustainable architecture, secure authentication/authorization (OAuth2/JWT), automated testing (PyTest, Jest), and resilient API integrations. EU permanent resident with active B2B setup, immediately available for remote engagement.

Experience

FlowSpace.co • *Lead Agentic Software & Systems Engineer (Freelance)*
Mar 2024 - Aug 2026 • London, UK (remote)

- Architected and delivered full-stack AI-driven web applications and interactive analytics dashboards serving 4,500+ active enterprise users, leveraging AI coding agents for rapid 4x feature velocity.
- Hardened and refactored AI-generated prototypes into production-grade microservices: established modular architectures, type safety, structured logging, and automated CI/CD pipelines.
- Implemented secure authentication, role-based access control (RBAC), and tenant isolation across APIs and database layers handling high-volume operational metrics.
- Integrated diverse third-party APIs, data streams, and vector databases (pgvector, Chroma) into coherent market analytics and insight visualization dashboards.
- Enforced engineering rigor with automated unit/integration test suites (PyTest, Jest), monitoring (Prometheus, Sentry), and regression gates across rapid weekly release cycles.
- *Tools: Claude Code, Cursor, Python, FastAPI, TypeScript, React, PostgreSQL, Docker, Redis, PyTest, Git*

Urlink • *AI Software Engineer (Freelance)*
Apr 2025 - Jul 2025 • Barcelona, Spain (remote)

- Built automated data ingestion and semantic processing pipelines converting messy partner feeds into normalized analytical schemas.
- Designed dynamic visualization views and KPI reporting components directly addressing business user requirements through iterative prototyping.
- Authored clean API wrappers, error-handling middleware, and schema validation layers preventing runtime data degradation.
- *Tools: Python, REST APIs, PostgreSQL, Supabase, Tailwind, AI Tooling, Linux, Git*

Independent Technical Consultant • *Software & AI Solutions Consultant*
Sep 2023 - Mar 2024 • Venice, Italy

- Partnered with European SMB domain experts to translate operational bottlenecks into bespoke software tools and AI-driven automation workflows.
- Delivered secure web interfaces, background worker queues, and automated reporting integrations connecting CRM/ERP systems.
- Conducted comprehensive codebase audits, code refactoring, and security hardening for client applications transitioning from MVP to production.
- *Tools: Python, Web Frameworks, REST APIs, SQL, OpenAI API, Webhooks, Linux*

Tractionboard.co • *Full-Stack & Automation Developer (Internship)*
Aug 2023 - Oct 2023 • Utrecht, Netherlands (remote)

- Developed full-stack UI components and automated webhook processors for SaaS customer analytics workflows.
- *Tools: JavaScript, Python, REST APIs, Git*

Education

Ca' Foscari University of Venice • *Bachelor's in Philosophy, International Studies & Economics, Minor in Entrepreneurship*
Oct 2020 - Jun 2024 • Venice, Italy

Certifications

Microsoft: Introduction to building AI agents • Microsoft Copilot Studio Agent Academy • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024) • Tray.AI Build Foundations

Additional Information

- **Work authorization:** Permesso di Soggiorno UE a Tempo Indeterminato (Italy), unrestricted work authorization across the EU. Pure B2B / JDG invoice ready via Italian Partita IVA. No visa sponsorship needed.
- **Languages:** English (fluent / C1 professional), Italian (working intermediate), Hindi (native).
- **Availability:** Immediate (0 days notice) for full-time remote contracts.

Core Skills

- **AI-Assisted Development:** Claude Code, Cursor, Codex, GitHub Copilot, Prompt Engineering, Vibe-to-Code Refactoring, AST analysis.
- **Software Engineering & Architecture:** Modern Web Applications, Microservices, Clean Architecture, REST APIs, GraphQL, RBAC, OAuth2/JWT.
- **Data, Dashboards & Visualization:** Large-scale Data Processing, Analytics Dashboards, KPI Tracking, PostgreSQL, Redis, Vector DBs.
- **Testing, Reliability & Delivery:** PyTest, Jest, CI/CD, Docker, Observability (Sentry, Prometheus), Maintainable Delivery Practices.
- **Product Mindset:** Translating Unstructured Domain Ideas into Scalable Products, Autonomous Ownership, Rapid Prototyping.
