Subject: Application for Ingeniero de Machine Learning / IA

Dear Hiring Manager,

I am writing to express my strong interest in the Ingeniero de Machine Learning / IA position at Sener, as advertised on LinkedIn. With a solid foundation in developing robust artificial intelligence systems and machine learning pipelines, I am eager to bring my technical expertise to Sener's innovative engineering projects.

Sener's reputation for tackling complex challenges across aerospace, infrastructure, and energy sectors is highly inspiring. The opportunity to apply machine learning techniques to optimize systems, enable predictive maintenance, or enhance design processes in these critical domains perfectly aligns with my professional ambitions.

Throughout my career, I have successfully designed, optimized, and deployed deep learning architectures and predictive models using Python, PyTorch, and TensorFlow. My experience managing end-to-end ML workflows—from data processing and model training to cloud deployment—has equipped me with the skills necessary to deliver scalable, high-performance AI solutions that drive real-world impact.

I would welcome the opportunity to discuss how my background, technical skills, and passion for AI-driven engineering make me a strong fit for your team. Thank you for considering my application. I look forward to the possibility of contributing to Sener's future successes.

Sincerely,
Prabhavit Gupta
