GOLDBECK Technologies GmbH
Clemens Ruberg
Forward Deployed Engineer (m/w/d)
Bielefeld

Dear hiring team,

I am applying for the Forward Deployed Engineer role in Bielefeld. I ship applied-AI features and integrations into products people use. At FlowSpace I built support agents with confidence-based escalation, a retrieval pipeline that drafts listings from source documents with human review, and booking and CRM integrations on a live marketplace. Daily tools are TypeScript, Python, Docker, Git, Claude and OpenAI APIs, and n8n.

I am based in Venice on an Italian EU long-term residence permit. My degree is a BA from Ca' Foscari. My English is professional. I do not speak German. On-site work in Bielefeld would need the employer to handle the work permit.

Kind regards,

Prabhavit Gupta
