Prabhavit Gupta

AI Automation Specialist: Claude Agents, Document Pipelines & Integrations

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

AI Automation Specialist with 3+ years of experience engineering production LLM agents, document parsing workflows, and system integrations using Claude, Claude Code, Python, and TypeScript. At FlowSpace, built multi-format document extraction pipelines (PDF, web, image, spreadsheet to validated JSON), autonomous support agents with confidence-based human escalation, and billing/booking API integrations on a live platform. Holds an academic background in Economics, combining practical agent orchestration and workflow design with a natural understanding of accounting logic, financial reconciliation, and exception handling.

Skills

- **AI Agents, Claude & Orchestration:** Claude and Claude Code, Anthropic API, multi-agent workflows, prompt engineering and chaining, RAG architectures, confidence scoring, audit trails, human-in-the-loop review, agent evaluation and failure recovery
- **Accounting & Workflow Automation:** Receipt and invoice data extraction, unstructured document parsing into validated JSON schemas, transaction categorization, RFI workflows, n8n, Make, event-driven pipelines, automated reconciliation logic
- **Full-Stack, APIs & Platforms:** Python, TypeScript, Node.js, Next.js, Laravel (PHP), REST APIs, webhooks, Supabase, PostgreSQL, MySQL, Docker, Playwright, Git; familiar with accounting platforms (Xero, QuickBooks, Zoho, Odoo) and CRM/billing integrations

Experience

FlowSpace.co **Mar 2024 – Aug 2026**
Lead Developer & AI Automation Engineer (Full-time, Freelance) *London, UK (remote)*

- Architected and deployed an end-to-end AI document ingestion pipeline (n8n, Claude API, TypeScript) extracting unstructured data from PDF, spreadsheet, image, and web brochures into validated backend schemas with human review; 900+ entities processed.
- Shipped customer-facing AI agents operating over live platform data, incorporating confidence scoring thresholds and automated escalation to human support for ambiguous inquiries.
- Engineered REST API and webhook integrations with OfficeRnD and Nexudus for automated booking synchronization, billing schedules, and financial record consistency across platforms.
- Led platform and database migration off a legacy stack to modern Next.js and Laravel (PostgreSQL), scaling from 2,000 to 4,500+ users without downtime, alongside CRM lead capture and routing automations.

UltraStrategy.com **Dec 2024 – May 2025**
AI Automation Developer (Collaborator) *France (remote)*

Built an automated LLM document extraction pipeline in n8n and Eden AI, parsing unstructured documents into normalized, schema-validated JSON records across multi-tier user profiles.

Get2Germany.com **Jan 2024 – May 2024**
Developer & Automation Specialist (Part-time) *Berlin, Germany (remote)*

Built automated data collection and validation pipelines using n8n and Google APIs, streamlining database updates and candidate matching logic.

Clubee.com **Sep 2023 – Aug 2024**
Developer & QA (Full-time, Freelance) *Foetz, Luxembourg (remote)*

Integrated core REST APIs across frontend modules, executed comprehensive QA/unit testing, and delivered administrative dashboards.

Selected Projects

- **LLM Document Parser** (github.com/prab-gupta/llm-doc-parser): Open-source engine demonstrating multi-format document parsing (PDF, image, text) into strictly typed, validated JSON structures with automated error recovery.
- **Urlink** (2025): Project Manager & AI Developer; built client requirements, platform logic, and automated workflows using Next.js and Supabase.

Education & Certifications

Ca' Foscari University of Venice Oct 2020 – Jun 2024
BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Certifications: Microsoft Copilot Studio Agent Academy • Microsoft: Building AI Agents • Microsoft Power Automate • Tray.AI Build Practitioner

Work authorization: Italian EU Long Term Residence Permit (independent contractor / Partita IVA). Available immediately. Fully flexible with Australian business hours. **Languages:** English (fluent C2), Hindi (native), Italian (conversational).
