Professional Summary

Senior Full Stack Developer with extensive experience in architecting and deploying scalable web applications, internal portals, and dashboards. Proven ability to build robust REST APIs, manage both SQL and NoSQL databases, and integrate cutting-edge AI/LLM tools (OpenAI, Claude, Gemini) into production workflows. Adept at rapid prototyping using AI coding tools and collaborating directly with business and operations teams to translate requirements into deployed features.

Technical Skills

- **Backend & APIs:** Node.js, Python, REST APIs, Microservices, C#, .NET Core
- **Frontend & Mobile:** React.js, React Native, TypeScript, HTML5, CSS3, Tailwind CSS
- **AI & LLMs:** OpenAI, Claude, Gemini API integration, AI-assisted coding tools
- **Cloud & Databases:** SQL Server, PostgreSQL, MongoDB (NoSQL), Docker, CI/CD

Professional Experience

Senior Full Stack Developer **2020 - Present**
Independent Contractor / Remote *Venice, Italy*

- Architected and built end-to-end web applications and internal operational dashboards for diverse clients, managing both front-end and back-end development.
- Integrated AI/LLM models (OpenAI, Claude, Gemini) into internal workflows, significantly reducing manual data processing times.
- Developed and maintained robust REST APIs and managed complex database schemas using both SQL (PostgreSQL, SQL Server) and NoSQL (MongoDB).
- Rapidly prototyped and shipped new features by leveraging AI coding tools to accelerate the development lifecycle.
- Collaborated directly with business stakeholders and founders to gather requirements and iteratively deploy working features.

Software Engineer **2016 - 2020**
Tech Solutions S.p.A. *Milan, Italy*

- Developed full-stack features for enterprise-level portals and dashboards.
- Contributed to mobile application development using React Native to support cross-platform functionality.
- Maintained and optimized databases, writing complex queries and establishing best practices for data integrity.
- Conducted thorough debugging, testing, and deployment of applications while maintaining comprehensive code documentation.

Education

Master of Science in Computer Science **2014 - 2016**
University of Padua *Padua, Italy*

Bachelor of Science in Computer Science **2011 - 2014**
University of Padua *Padua, Italy*
