Prabhavit Gupta

Lead AI Engineer, Generative AI and Intelligent Systems

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice / Milan, Italy

Summary

Lead AI Engineer with proven experience architecting, building, and deploying production-grade Generative AI pipelines, multi-agent systems, and reliable API backends. Adept at turning ambiguous business requirements into scalable technical roadmaps, enforcing operational SLOs (latency, cost, model evaluation, guardrails), and integrating LLM orchestration with mission-critical platforms. Hands-on with Python, TypeScript, modern MLOps pipelines, and full-stack systems, supported by an academic background in Economics and Logic from Ca' Foscari University of Venice.

Skills

- **Generative AI & Multi-Agent Systems:** Multi-agent orchestration, tool calling, memory management, RAG architectures, prompt chaining, model evaluation, confidence scoring, guardrails, human-in-the-loop review, Claude and OpenAI APIs, n8n
- **Engineering & MLOps:** Python (FastAPI, PyTorch fundamentals, data pipelines), TypeScript, Node.js, Next.js, Laravel (PHP), Docker, CI/CD, vector search, unstructured data parsing, logging and observability, latency and token cost optimization
- **Data & System Architecture:** RESTful APIs, OpenAPI contracts, webhooks, microservices, PostgreSQL, Supabase, schema validation, data modeling, event-driven integrations
- **Technical Leadership:** Technical roadmaps, architecture reviews, developer standards, cross-functional delivery across engineering, product, security, and compliance

Experience

FlowSpace.co **Mar 2024 - Aug 2026**
Lead Developer & AI Engineer (Full-time, Freelance) *London, UK (Remote)*

- Architected and deployed an end-to-end multi-agent AI ingestion pipeline (Claude, TypeScript, n8n) extracting structured data from unstructured multi-format brochures (PDF, web, spreadsheet); processed 900+ verified listings with human-in-the-loop review.
- Deployed conversational support agents querying live platform records, implementing confidence scoring and deterministic fallback paths to human operators for high-reliability service.
- Led the core platform migration off a legacy stack to a coded Next.js and Laravel architecture, designing database schemas and entity pipelines while scaling users from 2,000 to 4,500+.
- Engineered and maintained production REST APIs and webhooks integrating third-party platforms (OfficeRnD, Nexudus) with robust schema validation, error handling, and uptime monitoring.
- Defined development workflows, CI/CD test automation, and engineering standards across the internal dev team and external partners.

UltraStrategy.com **Dec 2024 - May 2025**
AI Automation Developer (Collaborator) *France (Remote)*

- Developed a high-throughput LLM CV-parsing pipeline using n8n and Eden AI, converting unstructured resumes into standardized schemas across diverse user profiles.

Urlink **Apr 2025 - Jul 2025**
Project Manager & AI-Assisted Developer (Freelance) *Barcelona, Spain (Remote)*

- Directed technical requirements and built application logic and client automations with AI-assisted development tools. Stack: Next.js, Supabase, Netlify.

Get2Germany.com **Jan 2024 - May 2024**
Developer & Automation Specialist (Part-time) *Berlin, Germany (Remote)*

- Built automated ETL pipelines integrating Google APIs and custom AI workflows to aggregate, classify, and serve educational and employment data.

Projects & Certifications

- **Open Source LLM Document Parser (github.com/prab-gupta/llm-doc-parser):** Document-to-JSON pipeline extracting structured data using LLMs and strict schema validation.
- **Certifications:** Microsoft Copilot Studio Agent Academy • Microsoft: Building AI Agents • Microsoft Power Automate • Tray.AI Build Practitioner

Education

Ca' Foscari University of Venice Oct 2020 - Jun 2024
BA Philosophy, International Studies & Economics (Minor: Entrepreneurship) Venice, Italy

Core focus: Analytical logic, quantitative decision theory, economic modeling, and technology innovation.

Work Authorization: European Long Term Residence Permit (Italy); full Italian and EU work rights with zero sponsorship required.
Languages: English (fluent C2), Italian (conversational), Hindi (native).
