Forward deployed AI manager specializing in bridging enterprise strategy with technical delivery. Proven ability to turn AI ambitions into production systems by leading cross-functional teams and managing stakeholder requirements. Experienced in designing secure human-in-the-loop workflows, managing deployment cycles, and driving rapid time-to-value for enterprise clients.

## Core Competencies

- **Technical Leadership & Delivery:** End-to-end project ownership, cross-functional team collaboration, rapid prototyping, and translating business goals into scalable AI architectures.
- **Agentic AI & LLMs:** Multi-step agent orchestration, structured output parsing, RAG pipelines, and Anthropic/OpenAI integrations.
- **Enterprise Integration & Governance:** Designing secure pipelines, human-in-the-loop validation, and API integrations for legacy stacks and CRMs.
- **Engineering & Cloud:** Python, TypeScript, React/Next.js, SQL, Docker, AWS, and CI/CD pipelines.

## Professional Experience

**FlowSpace.co** **London, UK (Remote)**

*Full-Stack & AI Engineer (Freelance)* *Mar 2024 - Aug 2026*

- Led the end-to-end delivery of an AI data pipeline, orchestrating multi-step LLM agents to ingest enterprise documents into production workflows.
- Embedded directly into customer ecosystems to architect API integrations, managing rate limits and webhooks across service boundaries.
- Designed strict human-in-the-loop governance workflows with schema validation, enabling safe review and deployment of AI outputs by non-technical stakeholders.
- Co-managed the migration of a live marketplace off a legacy stack, scaling the active user base from 2,000 to over 4,500.

**Get2Germany.com** **Berlin, Germany**

*Developer & Automation Specialist* *Jan 2024 - May 2024*

- Delivered automation solutions integrating Google APIs and AI extraction tools to streamline internal workflows and operations.

**Clubee.com** **Foetz, Luxembourg**

*Developer & QA (Freelance)* *Sep 2023 - Aug 2024*

- Executed frontend API integrations and deployed robust QA processes, effectively bridging technical implementation with end-user requirements.

## Independent Projects

**UltraStrategy & Urlink**

*Project Manager & AI Developer* *2024 - 2025*

- Architected a custom CV-parsing extraction engine utilizing LLMs and managed end-to-end client requirements for a Next.js web application.

## Education & Certifications

**Ca' Foscari University** **Venice, Italy**

*BA Philosophy, International Studies & Economics* *Oct 2020 - Jun 2024*
Minor in Entrepreneurship.
