Summary

Fullstack AI Solutions Engineer specializing in building and deploying LLM-driven applications, intelligent workflows, and AI agents into production environments. Expert in TypeScript, Next.js, and integrating complex APIs. Proven track record of operating across the stack to deliver production code fast, from scoping human-in-the-loop AI automations to leading full platform migrations. Adept at bridging product engineering and customer success to deploy tailored solutions.

Technical Skills

Programming: TypeScript, Python, PHP (Laravel), Next.js, React

AI & Automation: LLM APIs (OpenAI, Anthropic), AI Agents, RAG, n8n, Make, Prompt Engineering

Cloud & Backend: Supabase, REST/GraphQL APIs, Playwright (QA/SDET), Postman

Domain Expertise: AI-assisted development, Proptech, API integrations, QA testing, workflow automation

Experience

FlowSpace.co — **London, UK (Remote)**
Lead Developer — *Mar 2024 - Present*

- **AI Agent Engineering:** Architected and deployed a flagship human-in-the-loop listing bot that ingests multi-format unstructured data (PDFs, images, websites) using LLM APIs to automatically draft and route workspace listings, unblocking a manual content-entry bottleneck.
- **Fullstack Migration:** Led the migration of the core platform from a legacy no-code stack to a Next.js frontend and Laravel backend. Mapped existing data schemas and drove the cutover, scaling the platform from 2,000 to over 4,500 active users.
- **Third-Party API Integrations:** Engineered seamless integrations with OfficeRnD and Nexudus public APIs for automated bookings, user flows, and real-time mapping.
- **Customer-Facing Solutions:** Built out GTM and CRM automations, lead enrichment flows, and deployed AI customer-support agents to directly resolve client issues end-to-end.

Urlink — **Barcelona, Spain (Remote)**
Project Manager & AI-Assisted Developer — *Apr 2025 - Jul 2025*

- Developed AI-built platform logic and client-driven automations utilizing bolt.new and Supabase, translating business requirements into rapidly deployed working software.

UltraStrategy.com — **France (Remote)**
Automation Developer — *Dec 2024 - May 2025*

- Built a multi-profile CV-parsing tool integrating n8n with Eden AI to extract and structure unstructured candidate data at scale.

Get2Germany & Qomodo — **Berlin / Milan (Remote)**
AI & Low-Code Developer — *Jan 2024 - Jan 2025*

- Delivered a branch-management dashboard implementing Figma designs to pixel-perfection.
- Integrated Google APIs and developed AI automations for finding educational and job opportunities.

Clubee.com — **Foetz, Luxembourg (Remote)**
Developer & QA — *Sep 2023 - Aug 2024*

- Integrated Clubee REST APIs to power a full frontend experience, including federation dashboards and e-commerce shops.
- Established rigorous unit testing and QA pipelines using Postman and Playwright to ensure production reliability.

Education

Ca' Foscari University of Venice **Venice, Italy**
BA Philosophy, International Studies & Economics *Oct 2020 - Jun 2024*
Minor in Entrepreneurship

Certifications & Languages

Certifications: Microsoft Copilot Studio Agent Academy, Tray.AI Build Practitioner, Microsoft Power Automate

Languages: English (Professional - C1), Hindi (Native), Italian (Beginner)

Visa: European Long Term Residence Permit (Italy) - No sponsorship required
