Professional Experience

FlowSpace.co **London, UK (Remote)**

Lead AI Developer (Freelance) *Mar 2024 - Present*

- Architected and deployed an AI-powered Listing Bot (TypeScript, Claude) that integrates with unstructured data sources (PDFs, websites) to build structured marketplace listings, incorporating human-in-the-loop validation for production reliability.
- Translated complex business needs into technical designs, leading the end-to-end migration of a live marketplace to a Next.js and Laravel architecture, scaling the system to support 4,500+ active users.
- Engineered complex API data flows with external systems (OfficeRnD, Nexudus) and automated GTM and CRM pipelines for lead routing and automated outreach.
- Developed and shipped AI conversational agents for customer support, significantly reducing manual triage and resolution times.

Urlink **Barcelona, Spain**

Project Manager & AI Developer (Freelance) *Apr 2025 - Jul 2025*

- Delivered an AI-native platform leveraging Supabase, Netlify, and advanced LLM logic to execute complex client-driven automations, translating open-ended customer problems into technical implementations.
- Managed full project lifecycle directly with stakeholders, deploying reliable solutions ahead of schedule.

UltraStrategy.com **France**

AI Automation Engineer (Collaborator) *Dec 2024 - May 2025*

- Designed and deployed a robust CV-parsing pipeline utilizing LLM data extraction (Eden AI) to serve a multi-profile user platform, operating reliably in production.

Get2Germany.com **Berlin, Germany**

Lead Developer & Automation Specialist (Part-time) *Jan 2024 - May 2024*

- Integrated Google APIs and built AI automation tools utilizing n8n to streamline discovery of courses, internships, and jobs, taking ownership of ambiguous requirements.

Clubee.com **Foetz, Luxembourg**

Full-Stack Developer & QA (Freelance) *Sep 2023 - Aug 2024*

- Implemented REST API integrations across the frontend, developed core domain tools, and contributed to best practices through rigorous unit testing and continuous improvement of production systems.
