Prabhavit Gupta

AI Engineer

+39 351 610 7807 prabhavitg@gmail.com linkedin.com/in/prabhavit prab-gupta Venice, Italy

Summary

I build AI agents and ship them in production. I design, develop, and optimize end-to-end AI pipelines utilizing LLMs, RAG, and multi-agent architectures (LangChain, Claude, OpenAI). With a robust full-stack engineering background (Python, FastAPI, Node.js), I integrate intelligent automation into core platforms, scaling user experiences and optimizing processes.

Skills

- **Generative AI & Agents:** LLMs (Claude, GPT), LangChain, Multi-Agent architectures, RAG, Prompt Engineering, Fine-tuning
- **Languages & Frameworks:** Python (FastAPI, Pydantic), TypeScript, Node.js, Next.js, Laravel
- **Data & Operations:** Data Engineering pipelines (ETL/ELT), Vector Databases, API Integration, Cloud basics, Docker
- **Soft Skills:** Multidisciplinary collaboration, structured problem solving, autonomous project management

Experience

FlowSpace.co **Mar 2024 - Present**
Lead Developer & AI Engineer *London, UK (Remote)*

Own product and AI agent architectures end to end for a workspace marketplace scaling to 4,500+ users.

- **Autonomous AI Agents:** Designed and shipped a multi-step AI listing agent that ingests raw, unstructured data (PDFs, sites) and orchestrates LLM reasoning to draft structured workspace listings.
- **AI Pipelines & RAG:** Built end-to-end data ingestion pipelines integrating vector retrieval (RAG) and advanced prompt engineering to ensure accurate data extraction and structuring.
- **API & Microservices Integration:** Integrated AI solutions into the existing platform architecture via REST APIs, replacing manual data entry with intelligent automation.
- **Architecture Migration:** Led the full migration of the marketplace to a coded Next.js and Laravel stack, designing the logic and databases that feed AI models.

UltraStrategy.com **Dec 2024 - May 2025**
AI Automation Developer *France (Remote)*

- Built a high-performance CV-parsing tool using LangChain and Eden AI, implementing advanced data extraction pipelines to standardize unstructured PDF inputs across diverse user profiles.

Urlink **Apr 2025 - Jul 2025**
AI-Assisted Developer *Barcelona, Spain (Remote)*

- Built complex backend logic and client-driven automations using AI-assisted development tools (Claude Code/bolt.new).

Get2Germany.com **Jan 2024 - May 2024**
Automation Specialist *Berlin, Germany (Remote)*

- Integrated Google APIs and built custom AI tools to aggregate, categorize, and serve courses and job listings, optimizing backend ETL processes.

Education

Ca' Foscari University of Venice Oct 2020 - Jun 2024
BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Work Authorization & Languages

European Long Term Residence Permit (Italy). No sponsorship required. Hindi (native), English (professional C2), Italian (beginner).
