Prabhavit Gupta

AI Safety Specialist – Model Evaluation & Red Teaming

+39 351 610 7807 prabhavitg@gmail.com linkedin.com/in/prabhavit prab-gupta Venice, Italy

Summary

AI specialist and engineer focused on AI safety, model alignment, adversarial prompt evaluation, and robust LLM systems. Experienced in stress-testing frontier models (Claude, GPT) for jailbreaks, hallucinations, and policy failures, and engineering production agent pipelines with strict guardrails and human-in-the-loop review. Combines rigorous analytical reasoning from a Ca' Foscari Philosophy background with hands-on coding (Python, TypeScript, Claude Code) to audit model robustness and scale safe AI workflows.

Skills

- **AI Safety & Red Teaming:** Adversarial prompt testing, jailbreak evaluation, model alignment (RLHF/SFT concepts), hallucination mitigation, safety benchmarking, prompt injection defense, policy & safety guardrails
- **LLM Orchestration & Evaluation:** Claude Code, Anthropic Claude, OpenAI APIs, agent evaluation, human-in-the-loop (HITL) review, RAG evaluation, prompt engineering & chaining, failure mode analysis
- **Languages & Frameworks:** Python, TypeScript, JavaScript, Next.js, Node.js, Laravel (PHP), REST APIs, SQL, Docker, Git, Playwright, n8n
- **Analytical & Systems:** Epistemological and ethical reasoning (Philosophy BA), multi-turn dialogue analysis, edge-case vulnerability testing, structured problem solving

Experience

FlowSpace.co **Mar 2024 – Present**

Lead Developer & AI Engineer *London, UK (Remote)*

Own product, AI agent architectures, and safety guardrails end to end for a workspace marketplace scaling to 4,500+ users.

- **Adversarial Testing & Guardrails:** Stress-tested LLM workflows against edge cases, hallucinations, and prompt injections; engineered robust system prompts and output validation guardrails.
- **Human-in-the-Loop Pipelines:** Designed and shipped an AI listing agent (Claude, TypeScript, n8n) and support bots with confidence-based escalation to human reviewers before committing data to production.
- **Model Evaluation & Failure Recovery:** Monitored agent outputs, evaluated model drift across API versions, and implemented automated regression checks and error recovery.
- **Platform Migration & Scaling:** Led the full migration from a legacy stack to a coded Next.js and Laravel architecture, designing secure relational data models and scaling to 4,500+ active users.

UltraStrategy.com **Dec 2024 – May 2025**

AI Automation Developer *France (Remote)*

- Engineered a high-accuracy CV parsing tool using Claude and Eden AI; benchmarked extraction precision, hallucination rates, and edge-case schema validation across diverse unstructured PDF profiles.

Urlink **Apr 2025 – Jul 2025**

AI-Assisted Developer *Barcelona, Spain (Remote)*

- Leveraged AI coding assistants (Claude Code) and agentic workflows to build core platform logic, enforcing strict input validation and boundary constraints.

Get2Germany.com **Jan 2024 – May 2024**

Lead Developer & Automation Specialist *Berlin, Germany (Remote)*

- Integrated Google APIs and engineered custom automated workflows in n8n to aggregate, categorize, and verify educational and job listings, ensuring data integrity and policy adherence.

Certifications

Tray.AI Build Practitioner (Sep 2024) • Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate

Education

Ca' Foscari University of Venice Oct 2020 – Jun 2024

BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Work Authorization & Languages

European Long Term Residence Permit (Italy). No sponsorship required. Hindi (native), English (professional C2), Italian (beginner).
