Professional Summary

AI Engineer specialized in designing and deploying end-to-end LLM pipelines and GenAI solutions. Proven track record of leveraging Python and cloud-native architectures to architect scalable machine learning models, multi-step agent workflows, and data processing systems. Adept at cross-functional collaboration and rapidly embedding with agile engineering teams to solve complex enterprise problems. Seeking to drive innovative GenAI applications and intelligent automation at Litmus7.

Core Competencies

- **AI & GenAI Systems:** LLMs (Anthropic, OpenAI), Agentic Workflows, Retrieval-Augmented Generation (RAG), Prompt Engineering, Tool Use, LangChain.
- **Software & Backend:** Python, TypeScript, Next.js, Node.js, RESTful API Design.
- **MLOps & Cloud:** Docker, GitHub Actions, CI/CD pipelines, Cloud Platforms.

Professional Experience

FlowSpace.co **Mar 2024 – Present**
Forward Deployed AI Engineer (Freelance) – London, UK (Remote)

- Engineered a scalable multi-agent AI pipeline utilizing LLMs and tool-use to extract, validate, and standardize complex document formats for production.
- Designed robust human-in-the-loop ML workflows with strict schema validation, ensuring safe deployment of GenAI features to live environments.
- Collaborated with business and technical stakeholders to integrate AI services with enterprise APIs and CRMs, improving data ingestion speed.
- Migrated legacy platforms to a Next.js and Laravel cloud architecture, supporting scalable performance for over 4,500 active users.

Urlink **Apr 2025 – Jul 2025**
Full-Stack AI Developer (Freelance) – Barcelona, Spain

- Partnered directly with the core engineering team to translate complex business logic into a robust, full-stack application using Next.js and Supabase.

UltraStrategy.com **Dec 2024 – May 2025**
AI Automation Engineer (Collaborator) – France

- Developed an end-to-end NLP data extraction pipeline using LLMs, n8n, and Eden AI to automate CV-parsing operations and optimize workflows.

Get2Germany.com **Jan 2024 – May 2024**
Automation Developer (Part-time) – Berlin, Germany

- Built scalable AI tools integrated with Google APIs to systematically automate discovery pipelines for professional placement.

Education

Ca' Foscari University Venice, Italy
BA Philosophy, International Studies & Economics **Oct 2020 – Jun 2024**

Certifications

Tray.AI Build Practitioner (Sep 2024) · Microsoft Copilot Studio Agent Academy
