Prabhavit Gupta

Agentic AI Architect | Autonomous Multi-Agent Systems, Cognitive Workflows & Enterprise AI

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy (Unrestricted EU Permanent Resident | Open to Relocation/Remote)

Summary

Agentic AI Architect and Applied AI Engineer with 3 years of commercial experience designing, architecting, and deploying autonomous AI agent ecosystems and cognitive workflows. Extensive hands-on experience orchestrating multi-agent collaboration, memory management, tool calling, and human-in-the-loop decision logic using LangGraph, LangChain, AutoGen, CrewAI, and Semantic Kernel. Proven ability to bridge business strategy with technical execution: leading technical discovery workshops, architecting scalable solution blueprints, authoring RFI/RFP technical responses, and integrating enterprise systems via secure APIs. Permanent EU resident, immediately available for remote and European consulting initiatives.

Experience

FlowSpace.co • *Lead Agentic AI Solutions Architect (Freelance)*
Mar 2024 - Aug 2026 • London, UK (remote)

- Architected end-to-end autonomous multi-agent orchestration frameworks (LangGraph, CrewAI) coordinating specialized agents for data extraction, verification, synthesis, and action execution across 4,500+ active users.
- Designed enterprise cognitive architectures featuring hierarchical agent routing, persistent state memory, contextual tool calling, and dynamic fallback strategies.
- Led technical discovery sessions and solution architecture reviews with enterprise clients; translated ambiguous business requirements into production MVP blueprints and architectural specifications.
- Integrated autonomous agents with enterprise business systems, cloud data stores (AWS/Azure), and secure RESTful APIs with strict OAuth2 authentication and role-based access control.
- Established automated evaluation, observability, and tracing pipelines (LangSmith, OpenTelemetry) to track latency, token utilization, and hallucination-free decision fidelity.
- *Tools: LangGraph, LangChain, AutoGen, CrewAI, Semantic Kernel, Python, OpenAI, Anthropic Claude, Docker, AWS, Git*

Urlink • *AI Solutions & Systems Integration Architect (Freelance)*
Apr 2025 - Jul 2025 • Barcelona, Spain (remote)

- Architected semantic extraction and classification agent workflows connecting disparate external partner APIs with unified database schemas.
- Formulated solution proposals, technical effort estimations, and integration roadmaps for client leadership, ensuring seamless onboarding.
- Implemented robust error-handling, schema validation, and guardrails to govern automated LLM data transformations.
- *Tools: Python, REST APIs, PostgreSQL, Supabase, LLM Orchestration, Solution Design, Git*

Independent Technical Consultant • *Agentic AI Solutions Consultant*
Sep 2023 - Mar 2024 • Venice, Italy

- Advised European SMBs on GenAI strategy and roadmap adoption: conducted stakeholder workshops, identified high-impact automation use cases, and built functional proof-of-concepts.
- Authored technical proposals, architecture diagrams, and cost/benefit models for client RFI/RFP evaluation rounds.
- Deployed autonomous workflow automations and intelligent knowledge assistants connecting CRM and internal business databases.
- *Tools: LangChain, OpenAI API, Python, Webhooks, REST APIs, Solution Architecture, Linux*

Tractionboard.co • *Automation Developer (Internship)*
Aug 2023 - Oct 2023 • Utrecht, Netherlands (remote)

- Developed automated integration pipelines and webhook consumers for client data ingestion workflows.
- *Tools: Python, REST APIs, Low-Code Automation*

Education

Ca' Foscari University of Venice • *Bachelor's in Philosophy, International Studies & Economics, Minor in Entrepreneurship*
Oct 2020 - Jun 2024 • Venice, Italy

Certifications

Microsoft: Introduction to building AI agents • Microsoft Copilot Studio Agent Academy • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024) • Tray.AI Build Foundations

Additional Information

- **Work authorization:** Permesso di Soggiorno UE a Tempo Indeterminato (Italy), unrestricted work authorization across the EU. No visa sponsorship required. Open to B2B or direct employment.
- **Languages:** English (fluent / C1 professional), Italian (working intermediate), Hindi (native).
- **Availability:** Immediate (0 days notice) for full-time remote consulting roles.

Core Skills

- **Agentic Frameworks & Multi-Agent Systems:** LangGraph, LangChain, AutoGen, CrewAI, Semantic Kernel, Cognitive Architectures.
- **LLMs & Reasoning:** GPT-4o, Claude 3.5 Sonnet, LLaMA 3, Mistral, Prompt Engineering, Memory Systems, Tool Calling, Guardrails.
- **Consulting & Pre-Sales:** Technical Solutioning, RFP/RFI Proposals, Architecture Blueprints, Client Demos, Stakeholder Workshops.
- **Enterprise Integration & Cloud:** RESTful APIs, Webhooks, Microservices, AWS / Azure, Docker, OAuth2, Enterprise Security.
- **Observability & Quality Assurance:** LangSmith, OpenTelemetry, Automated Evals, CI/CD, Latency & Cost Optimization.
