Prabhavit Gupta

AI Software Engineer: LLM Apps, Agents & AI-Assisted Coding

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

Software engineer with about three years of experience building LLM applications, agents and integrations in TypeScript, Python and Laravel, using Claude Code across design, implementation, testing and documentation. At FlowSpace I built support agents that escalate to a person on low confidence, an LLM ingestion pipeline with human review (900+ listings drafted), and OfficeRnD and Nexudus integrations, and led a migration to Next.js and Laravel while the platform grew from 2,000 to 4,500+ users. I take ownership from idea to a working product and simplify where I can. Based in Venice, open to relocating to Milan, available immediately.

Experience

FlowSpace.co **Mar 2024 - Aug 2026**
Lead Developer (Full-time, Freelance) *London, UK (remote)*

- Built an AI listing bot with a human in the loop: it takes a brochure in any format (PDF, web page, photo or spreadsheet), drafts the full listing with an LLM, and pushes it to the backend after review. 900+ listings drafted.
- Streamlined customer support with AI agents that answer queries against live platform data and escalate to a person on low confidence.
- Integrated the OfficeRnD and Nexudus APIs for automated bookings, and built CRM lead-capture integration and GTM automations (sales funnel, lead enrichment, outbound) with n8n.
- Led the migration off a legacy stack to a coded Next.js and Laravel product: mapped the data model, chose the migration path per entity (API or CSV) and drove the cutover. Scaled the platform from 2,000 to 4,500+ users.
- Documented product and business logic with the developer team, coordinated between the internal team and an external agency, and built a commute-time calculator tool for companies.
- *Tools: Claude Code, n8n, Playwright, Postman, Laravel, TypeScript, Supabase, GitHub, Jira, ClickUp, Miro, Google Analytics, Microsoft Clarity*

Urlink **Apr 2025 - Jul 2025**
Project Manager and AI-Assisted Developer (Freelance) *Barcelona, Spain*

- Used AI to build the platform and its logic, implemented AI-made UIs, and built automations to client requirements.
- *Tools: GitHub, Netlify, Supabase, bolt.new*

UltraStrategy.com **Dec 2024 - May 2025**
Automation Developer (Collaborator) *France*

- Built a CV-parsing tool with n8n and Eden AI (LLM data extraction) and a platform for different user profiles.
- *Tools: n8n, Eden AI*

Qomodo **2024 - Jan 2025**
AI and Low-Code Developer (Collaborator) *Milan, Italy*

- Built a dashboard for companies to manage their branches and implemented Figma designs.

Get2Germany.com **Jan 2024 - May 2024**
Lead Developer and Automation Specialist (Part-time) *Berlin, Germany*

- Integrated Google APIs for platform tracking, built the platform and optimized the database, and developed AI-based automation tools for finding courses, internships and jobs.
- *Tools: n8n, Figma, Trello, Google APIs*

Clubee.com **Sep 2023 - Aug 2024**
Low-Code Developer and Quality Assurance (Full-time, Freelance) *Foetz, Luxembourg*

- Integrated the Clubee API across the whole frontend, ran unit testing and QA on new features, and built tools for domain integration, a shop and a federation dashboard.
- *Tools: Figma, GitHub, Postman, REST APIs*

Tractionboard.co **Aug 2023 - Oct 2023**
Low-Code Developer (Internship) *Utrecht, Netherlands*

- Integrated ChatGPT/OpenAI and Sendgrid, built responsive designs, debugged features and implemented Google Ads 4.
- *Tools: Figma, Sendgrid, ChatGPT*

Education

Ca' Foscari University of Venice **Oct 2020 - Jun 2024**
Bachelor's in Philosophy, International Studies & Economics, Minor in Entrepreneurship *Venice, Italy*

Certifications

Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024) • Tray.AI Build Foundations

Additional Information

- **Work authorization:** European Long Term Residence Permit (Italy), no sponsorship needed in the EU. Available immediately.
- **Languages:** Hindi (native), English (professional), Italian (beginner).

Core Skills

- **LLM applications:** Claude and OpenAI APIs, AI agents, tool use and function calling, RAG, MCP, structured outputs, prompt engineering, human-in-the-loop review, confidence thresholds
- **AI-assisted development:** Claude Code across design, implementation, debugging, testing and documentation, reviewing and validating generated code
- **Software engineering:** TypeScript, Node.js, Python, Next.js, Laravel (PHP), PostgreSQL, MySQL, Supabase, REST APIs, OAuth, webhooks, SQL
- **Quality and public work:** Playwright, Postman, unit testing and QA, Git and GitHub, code review; public GitHub (github.com/prab-gupta) including llm-doc-parser
