Prabhavit Gupta

Forward-Deployed Engineer: LLM Data Workflows, Production Logic & Integrations

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

AI and automation engineer with about three years of experience building LLM workflows, data ingestion pipelines, and integrations grounded in how business teams operate. At FlowSpace I built an LLM document ingestion pipeline (900+ listings extracted from PDFs, spreadsheets, and web pages), customer-facing AI agents answering over live platform data with human-in-the-loop escalation, and end-to-end API integrations connecting CRMs and booking systems. Experienced modeling business logic, transforming messy mid-market data exports into structured formats, and deploying reliable production systems with TypeScript, Python, SQL, and Claude Code. Based in Venice, ready to relocate immediately to Munich.

Experience

FlowSpace.co • *Lead Developer (Full-time, Freelance)*
Mar 2024 - Aug 2026 • London, UK (remote)

- Built an AI listing bot with a human in the loop: it takes a brochure in any format (PDF, web page, photo or spreadsheet), drafts the full listing with an LLM, and pushes it to the backend after review. 900+ listings drafted.
- Streamlined customer support with AI agents that answer queries against live platform data and escalate to a person on low confidence.
- Integrated the OfficeRnD and Nexudus APIs for automated bookings, and built CRM lead-capture integration and GTM automations (sales funnel, lead enrichment, outbound) with n8n.
- Led the migration off a legacy stack to a coded Next.js and Laravel product: mapped the data model, chose the migration path per entity (API or CSV) and drove the cutover. Scaled the platform from 2,000 to 4,500+ users.
- Documented product and business logic with the developer team, coordinated between the internal team and an external agency, and built a commute-time calculator tool for companies.
- *Tools: Claude Code, n8n, Playwright, Postman, Laravel, TypeScript, Supabase, GitHub, Jira, ClickUp, Miro, Google Analytics, Microsoft Clarity*

Urlink • *Project Manager and AI-Assisted Developer (Freelance)*
Apr 2025 - Jul 2025 • Barcelona, Spain

- Used AI to build the platform and its logic, implemented AI-made UIs, and built automations to client requirements.
- *Tools: GitHub, Netlify, Supabase, bolt.new*

UltraStrategy.com • *Automation Developer (Collaborator)*
Dec 2024 - May 2025 • France

- Built a CV-parsing tool with n8n and Eden AI (LLM data extraction) and a platform for different user profiles.
- *Tools: n8n, Eden AI*

Qomodo • *AI and Low-Code Developer (Collaborator)*
2024 - Jan 2025 • Milan, Italy

- Built a dashboard for companies to manage their branches and implemented Figma designs.

Get2Germany.com • *Lead Developer and Automation Specialist (Part-time)*
Jan 2024 - May 2024 • Berlin, Germany

- Integrated Google APIs for platform tracking, built the platform and optimized the database, and developed AI-based automation tools for finding courses, internships and jobs.
- *Tools: n8n, Figma, Trello, Google APIs*

Clubee.com • *Low-Code Developer and Quality Assurance (Full-time, Freelance)*
Sep 2023 - Aug 2024 • Foetz, Luxembourg

- Integrated the Clubee API across the whole frontend, ran unit testing and QA on new features, and built tools for domain integration, a shop and a federation dashboard.
- *Tools: Figma, GitHub, Postman, REST APIs*

Tractionboard.co • *Low-Code Developer (Internship)*
Aug 2023 - Oct 2023 • Utrecht, Netherlands

- Integrated ChatGPT/OpenAI and Sendgrid, built responsive designs, debugged features and implemented Google Ads 4.
- *Tools: Figma, Sendgrid, ChatGPT*

Education

Ca' Foscari University of Venice • *Bachelor's in Philosophy, International Studies & Economics, Minor in Entrepreneurship*

Oct 2020 - Jun 2024 • Venice, Italy

Certifications

Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024) • Tray.AI Build Foundations

Additional Information

- **Work authorization:** European Long Term Residence Permit (Italy), no sponsorship needed in the EU. Available immediately.
- **Languages:** Hindi (native), English (professional), Italian (beginner).

Core Skills

- **LLM workflows and agents:** AI agents, prompts and context engineering, tool use and function calling, RAG, structured data extraction, human-in-the-loop review, confidence thresholds and escalation, Claude and OpenAI APIs, Claude Code
- **Data, SQL and logic modeling:** SQL querying, relational data modeling, data transformation, JSON, CSV and spreadsheet normalization, ERP and CRM data handling, Supabase, PostgreSQL
- **Integration and APIs:** REST APIs, authentication (OAuth, API keys), webhooks, data pipelines, third-party integrations (OfficeRnD, Nexudus, Google APIs, Sendgrid), Postman, n8n
- **Customer and production delivery:** Direct customer collaboration from Day 1, understanding operational bottlenecks, requirements discovery, production deployment, troubleshooting, technical documentation
