Prabhavit Gupta

AI Agent Engineer, LLM Production Systems, Python/TypeScript

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

Software engineer who builds AI agent systems and ships them to production. At FlowSpace I built the agent architecture behind an AI data pipeline: LLM-powered workflows that ingest documents in any format, extract structured data with tool use and structured output parsing, evaluate confidence, retry on failure, and push validated results to production after human review. I built context management for long-running agent sessions, feedback loops with guardrails and human escalation, and observability for tracing agent decisions across multi-step workflows. I developed Python and TypeScript services, built distributed background jobs with retry and idempotency patterns, and maintained production systems handling concurrent users. I built with AI daily using Claude Code as my primary development tool, owned features end to end, and shipped fast while keeping production reliable.

Skills

- **AI agent systems:** LLM API integration (OpenAI, Claude/Anthropic), agent orchestration and workflow design, tool use (MCP-style patterns), structured output parsing, prompt engineering, context management, confidence scoring, evaluations, observability and tracing, RAG pipelines, human escalation and feedback loops
- **Backend & distributed systems:** Python, TypeScript, PHP/Laravel, REST API design, PostgreSQL, MySQL, Redis, Supabase, background jobs, queues, retry and idempotency patterns, concurrency, failure handling, event-driven architecture
- **Infrastructure & development:** Docker, GitHub Actions CI/CD, Linux, AWS, Vercel, monitoring, testing (Jest, Playwright), Git, agile sprints, AI-native development (Claude Code daily)

Experience

FlowSpace.co **Mar 2024 – Aug 2026**
Full-Stack & AI Engineer (Full-time, Freelance) *London, UK (remote)*

- Built an AI listing pipeline that takes documents in any format (PDF, web page, photo or spreadsheet), extracts structured data using LLM APIs with agentic orchestration and retrieval, and pushes validated results to the backend after human review. Handles hundreds of sources with different formats.
- Built RAG-backed support agents that answer customer queries against live platform data and escalate to a person on low confidence. Implemented confidence scoring and retrieval quality monitoring.
- Built integrations against customer APIs and booking systems (OfficeRnD, Nexudus), CRM pipelines (Attio, Amplemarket, Swan), and payment flows (Stripe), iterating quickly on customer feedback.
- Took over a live marketplace on a legacy stack and worked with the team to migrate it to a coded Next.js and Laravel product. Scaled from 2,000 to 4,500+ users.

Get2Germany.com **Jan 2024 – May 2024**
Developer & Automation Specialist (Part-time) *Berlin, Germany*

Integrated Google APIs, built AI tools to find courses, internships and jobs, and optimized the database. Stack: n8n, Google APIs.

Clubee.com **Sep 2023 – Aug 2024**
Developer & QA (Full-time, Freelance) *Foetz, Luxembourg*

Integrated the Clubee API across the frontend, ran unit testing and QA, and built shop and federation-dashboard tools.

Tractionboard.co **Aug 2023 – Oct 2023**
Developer (Internship) *Utrecht, Netherlands*

Integrated ChatGPT/OpenAI and Sendgrid, built responsive designs, and debugged features.

Freelance Projects

- **Urlink** (2025), Project Manager & AI-Assisted Developer. Worked directly with the client on requirements, built the platform and its logic, and implemented client-driven automations. Stack: Next.js, Supabase, Netlify.
- **UltraStrategy** (2024 to 2025), AI Automation Developer. Built a CV-parsing tool (LLM data extraction) with n8n and Eden AI, and a platform serving different user profiles.
- **Qomodo** (2024 to 2025), AI Developer. Built a dashboard for companies to manage their branches, and implemented Figma designs.

Certifications

Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024)

Education

Ca' Foscari University of Venice Oct 2020 – Jun 2024

BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Work authorization: European Long Term Residence Permit (Italy), no sponsorship needed in the EU; available immediately.
Languages: Hindi (native), English (professional), Italian (beginner).
