Summary

I combine QA discipline with full-stack engineering and daily Claude Code use. At Clubee I integrated APIs across the frontend, ran unit testing and QA, and built shop and dashboard tools. At FlowSpace I used Claude Code every day to build and test a marketplace migration from a legacy stack to Next.js and Laravel, then built AI agents and workflow automations with n8n, an orchestration tool closely related to Kestra. I work directly with customers and resolve issues end to end.

Skills

- **Testing & QA:** unit testing, QA processes, bug reproduction and triage, manual and exploratory testing, test case design, automated test scripting in TypeScript and Python
- **AI-assisted development:** Claude Code (daily driver for engineering and testing), LLM APIs (OpenAI, Claude), AI agents, prompt engineering, evals
- **Orchestration & automation:** n8n workflow orchestration, REST APIs, webhooks, Docker, CI/CD, third-party integrations (Attio, OfficeRnD, Nexudus, Google, Sendgrid)
- **Languages & frameworks:** TypeScript, JavaScript, Node.js, Python, Next.js, React, Laravel (PHP), PostgreSQL, Supabase, Linux CLI

Experience

FlowSpace.co **Mar 2024 – Aug 2026**
Full-Stack & AI Engineer (Full-time, Freelance) *London, UK (remote)*

- Took over a live marketplace on a legacy stack and worked with the team to migrate it to a coded Next.js and Laravel product, mapping the data model and driving the cutover. Scaled it from 2,000 to 4,500+ users.
- Built an AI listing bot with a human in the loop: it takes a brochure in any format (PDF, web page, photo or spreadsheet), drafts the full listing with an LLM, and pushes it to the backend after review.
- Built support AI agents that answer customer queries against live platform data and escalate to a person on low confidence.
- Built CRM and GTM automations with n8n, including a pipeline connecting Attio, Amplemarket and Swan, plus OfficeRnD and Nexudus booking integrations.
- Worked directly with the internal team, an external agency and customers, and resolved issues end to end.
