Prabhavit Gupta

Full-Stack Integration Engineer, TypeScript/PHP, AI-Native Builder

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

Full-stack engineer who builds integrations and AI-powered products end to end. At FlowSpace I built connectors and integration layers against third-party APIs (booking systems, CRMs, payment platforms), designed REST APIs consumed by frontend and external partners, and owned features from prototype to production. I built an AI data pipeline that ingests documents in any format, extracts structured data using LLM APIs with agentic orchestration and tool use, and pushes validated results to the backend after human review. I use Claude Code as my primary development tool and actively leverage AI-assisted workflows to ship faster. I care about reliable integrations, clean API design, and shipping features that work for real users.

Skills

- **Integrations & APIs:** REST API design and consumption, third-party API integration (booking, CRM, payment, marketplace systems), connectors, webhooks, OAuth flows, data mapping and transformation, retry and idempotency patterns, error handling across service boundaries
- **Full stack:** TypeScript, PHP/Laravel, Next.js, React, Python, PostgreSQL, MySQL, Redis, Supabase, background jobs, queues, event-driven architecture, microservice communication patterns
- **AI & tools:** AI-native development (Claude Code daily, agentic coding tools), LLM API integration (OpenAI, Claude/Anthropic), AI agent orchestration, tool use (MCP-style patterns), structured output parsing, RAG pipelines, Docker, GitHub Actions CI/CD, AWS, Vercel, testing (Jest, Playwright)

Experience

FlowSpace.co **Mar 2024 – Aug 2026**
Full-Stack & AI Engineer (Full-time, Freelance) *London, UK (remote)*

- Built integrations against customer APIs and booking systems (OfficeRnD, Nexudus), CRM pipelines (Attio, Amplemarket, Swan), and payment flows (Stripe), designing connector layers that bridge external vendor data into the platform and iterating quickly on customer feedback.
- Built an AI listing pipeline that takes documents in any format (PDF, web page, photo or spreadsheet), extracts structured data using LLM APIs with agentic orchestration and retrieval, and pushes validated results to the backend after human review. Handles hundreds of sources with different formats.
- Built RAG-backed support agents that answer customer queries against live platform data and escalate to a person on low confidence. Implemented confidence scoring and retrieval quality monitoring.
- Took over a live marketplace on a legacy stack and worked with the team to migrate it to a coded Next.js and Laravel product. Scaled from 2,000 to 4,500+ users.

Get2Germany.com **Jan 2024 – May 2024**
Developer & Automation Specialist (Part-time) *Berlin, Germany*

Integrated Google APIs, built AI tools to find courses, internships and jobs, and optimized the database. Stack: n8n, Google APIs.

Clubee.com **Sep 2023 – Aug 2024**
Developer & QA (Full-time, Freelance) *Foetz, Luxembourg*

Integrated the Clubee API across the frontend, ran unit testing and QA, and built shop and federation-dashboard tools.

Tractionboard.co **Aug 2023 – Oct 2023**
Developer (Internship) *Utrecht, Netherlands*

Integrated ChatGPT/OpenAI and Sendgrid, built responsive designs, and debugged features.

Freelance Projects

- **Urlink** (2025), Project Manager & AI-Assisted Developer. Worked directly with the client on requirements, built the platform and its logic, and implemented client-driven automations. Stack: Next.js, Supabase, Netlify.
- **UltraStrategy** (2024 to 2025), AI Automation Developer. Built a CV-parsing tool (LLM data extraction) with n8n and Eden AI, and a platform serving different user profiles.
- **Qomodo** (2024 to 2025), AI Developer. Built a dashboard for companies to manage their branches, and implemented Figma designs.

Certifications

Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024)

Education

Ca' Foscari University of Venice Oct 2020 – Jun 2024

BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Work authorization: European Long Term Residence Permit (Italy), no sponsorship needed in the EU; available immediately.
Languages: Hindi (native), English (professional), Italian (beginner).
