Prabhavit Gupta

AI Engineer, Python + Agentic Workflows + LLM Production Systems

+39 351 610 7807 | prabhavitg@gmail.com | linkedin.com/in/prabhavit | github.com/prab-gupta | Venice, Italy

Summary

AI engineer who builds production agentic systems in Python: multi-step LLM agents with tool use, structured output parsing, retrieval-augmented generation, and confidence scoring. At FlowSpace I designed and deployed AI agents that orchestrate complex workflows across unstructured data sources, push validated results to production, and scale across hundreds of document formats. I take AI solutions end to end, from experimentation and model selection through deployment, monitoring, and production operation. Open to relocation within the EU.

Skills

- **AI & agents:** Python (primary language), LLM API integration (Anthropic Claude, OpenAI), agentic workflows, multi-agent orchestration, RAG (embeddings, vector search, retrieval pipelines), structured output parsing, tool/function calling, prompt engineering, confidence scoring, evaluation harnesses, AI-assisted development (Claude Code daily driver)
- **Infrastructure:** PostgreSQL, MySQL, Supabase, Redis, Docker, Linux (basic), Git, GitHub Actions CI/CD, AWS (EC2, S3), Vercel, automated testing (Jest, Playwright)
- **Full stack:** TypeScript, JavaScript, React, Next.js, Node.js, REST API design, webhooks, OAuth 2.0, third-party API integration (Stripe, CRM, booking systems), remote-first async collaboration

Experience

FlowSpace.co **Mar 2024 – Aug 2026**
Full-Stack & AI Engineer (Full-time, Freelance) *London, UK (remote)*

- Built an AI listing pipeline that orchestrates multi-step LLM agents with tool use, structured output parsing, and retrieval to ingest documents in any format (PDF, web page, photo, spreadsheet) and push validated results to production after human review. Handles hundreds of sources with different formats.
- Created evaluation harnesses, validation datasets, and benchmarks to measure AI workflow accuracy. Built confidence scoring to flag low-quality outputs for manual review.
- Designed governed agentic workflows with schema validation, approval gates, and escalation paths so non-technical staff could safely review and approve AI outputs before they reached production.
- Built RAG-backed support agents that answer customer queries against live platform data and escalate to a person on low confidence. Implemented retrieval quality monitoring.
- Built integrations against customer APIs and booking systems (OfficeRnD, Nexudus), CRM pipelines (Attio, Amplemarket, Swan), and payment flows (Stripe), managing rate limits, webhooks, and retry logic across service boundaries.

Get2Germany.com **Jan 2024 – May 2024**
Developer & Automation Specialist (Part-time) *Berlin, Germany*

Integrated Google APIs, built AI tools to find courses, internships and jobs, and optimized the database. Stack: n8n, Google APIs.

Clubee.com **Sep 2023 – Aug 2024**
Developer & QA (Full-time, Freelance) *Foetz, Luxembourg*

Integrated the Clubee API across the frontend, ran unit testing and QA, and built shop and federation-dashboard tools.

Tractionboard.co **Aug 2023 – Oct 2023**
Developer (Internship) *Utrecht, Netherlands*

Integrated ChatGPT/OpenAI and Sendgrid, built responsive designs, and debugged features.

Freelance Projects

- **Urlink** (2025), Project Manager & AI-Assisted Developer. Worked directly with the client on requirements, built the platform and its logic, and implemented client-driven automations. Stack: Next.js, Supabase, Netlify.
- **UltraStrategy** (2024 to 2025), AI Automation Developer. Built a CV-parsing tool (LLM data extraction) with n8n and Eden AI, and a platform serving different user profiles.
- **Qomodo** (2024 to 2025), AI Developer. Built a dashboard for companies to manage their branches, and implemented Figma designs.

Certifications

Microsoft Copilot Studio Agent Academy • Microsoft: Introduction to building AI agents • Microsoft Power Automate • Tray.AI Build Practitioner (Sep 2024)

Education

Ca' Foscari University of Venice Oct 2020 – Jun 2024
BA Philosophy, International Studies & Economics (Minor: Entrepreneurship)

Work authorization: European Long Term Residence Permit (Italy), no sponsorship needed in the EU; available immediately. Open to relocation. **Languages:** Hindi (native), English (professional), Italian (beginner).
